

Capta ratus vanis quod regnet opinio larvis,  
 Nil admirantum de grege mysta fui.  
 Iurgia de rebus raro malefana putavi,  
 De rerum crebro sed caluisse modis.  
 Prava superstitio, pravæ levitatis & æstus  
 Ingeniis scopulus creditus esse duplex.  
 Lædere qui cupiunt alios, se lædere primos  
 Cognitio multum contulit illa boni.  
 Præ docto prudens, sed præ prudente repertus  
 Vir placuit sapiens, præ sapiente nihil.

F I N I S.
