im ganzen Werke vorkommenden Abkürzungen und Zeichen.

Die Abkürzungen der Namen der verschiedenen Schriftsteller und der be-
hufs der Abbildung citirten Werke sind zwar, so wie die der Kürze wegen
gebrauchten Zeichen nur von der Art, wie man sich derselben in den
meisten botanischen Werken bedient; da sie jedoch einem großen Theile
Jener, für die der Verfasser zunächst schrieb, weniger getäufig seyn
dürften, so scheint eine kurze Erklärung derselben nicht überflüssig
zu seyn.
