

MPORTUNA MORS
mille modis quotidie miseros homines rapit; hunc necat febribus,
hunc opprimit doloribus, hunc consumit fame, illum siti extinguit,
hunc suffocat aquis, illum interimit laqueo, illum perimit flammis,
hunc trucidat ferro, illum veneno corrumpit, alterum repentino terrore miseram vitam finire compellit.

S. AUGUSTINUS.

*Right nowe,sir prince,for alle your highnesse,
The pompe of wordely honoure ye shalle lete;
Who moste haboundeth here in gret richesse,
Shalle bere with hym but a single shete.*
