By ANTHONY TODD THOMSON, M.D. F.L.S. &c. 1 vol. post 8vo. Price 10s. 6d. cl. lettered.

Such a volume as this has long been a desideratum in the opinion of every medical practitioner whose practice has enabled him to observe the almost general ignorance which prevails respecting the domestic management of the sick-room, and to feel the influence of that ignorance on his treatment of disease. Its object is to afford the instruction which is essential under such circumstances—the instruction necessary to aid the medical treatment, not to cure the disease.
