

## Index des noms de Familles

Les chiffres renvoient à la pagination du manuscrit, inscrite en caractères gras dans les présents volumes. Le revers des feuillets est indiqué par la lettre v (verso).

Les chiffres se rapportent aux parents des enfants baptisés ou aux conjoints. Toutefois ceux entre parenthèses indiquent les témoins des baptêmes et des mariages. Les inscriptions des baptêmes occupent les folios 1 à 149 (I<sup>er</sup> volume) ; celles des mariages, les folios 300 à 364 (II<sup>e</sup> volume). Dans la présente table on n'a porté, pour chaque nom, qu'une seule fois le chiffre 3 (premier chiffre de 300) qui reste sous-entendu pour les nombres suivants.

Les témoins des baptêmes et des mariages ne sont pas mentionnés d'une façon complète dans cet index. Ils ne l'ont été généralement que lorsqu'il y avait une raison spéciale de le faire : ainsi des noms qui n'apparaissent nulle part ailleurs, des noms qui se rencontrent pour la première fois, ou qui pour la première fois sont accompagnés d'une mention spéciale (ve. veuve, etc.), se trouveront indiqués.

L'on n'a pas tenu grand compte des modifications, si fréquentes à l'époque, de l'orthographe d'un même nom. Les noms devront par conséquent être cherchés à différentes places.

Les chiffres romains (VIII, IX) renvoient aux pages de l'Avant-propos du premier volume où sont énumérés les noms des 58 premiers chefs de famille établis à Frankenthal.
